Invitation to Neuroendocrine Tumours Symposium: 31st January 2018

We would be delighted if you could join us for this symposium to be held on Monday 31st January 2018 in the Education Centre, New Queen Elizabeth Hospital Birmingham. The way we manage these patients has changed greatly over the last decade thanks to increased provision of specialised services in UK, clinical trials, and the availability of new diagnostic modalities as well as new treatments. We hope to update you on how patients are now managed and what the likely changes will be in near future.

Could we also kindly ask you to pass on this invite to other members of your team that we do not have direct access to such as newly appointed colleagues, radiologists, pathologists and trainees?

Please find enclosed a provisional programme for this event. We have applied for CPD accreditation (3 CPD points). For catering purposes it would be very helpful if you could kindly register for attendance early. You could simply complete the tear-off slip below and return to the address stated or alternatively respond via e-mail. We look forward to seeing you on the Wednesday 31st January 2018.

With best wishes

Tahir Shah
Consultant Hepatologist and Liver Transplant Physician
Head of Birmingham NeuroEndocrine Tumour Centre

DDI : +44 (0) 121 371 4671

E m a i l : Tahir.Shah@uhb.nhs.uk
